To all those involved:

At times it seems as though the lack of sufficient money has deterred us from obtaining what we desire. I am entirely grateful that this particular problem will no longer interfere with my ability to continue my education. It is with the help of your organization that I am able to fulfill my long-awaited goal of attending a four-year university. I am striving to do well at San Diego State University, not only to accomplish my own goals, but also to give back to the community, such as The Sweetwater Education Foundation has generously given to me. You are all extraordinary people, and I am extremely thankful to have received your assistance. I am blessed to be a part of the Compact Scholars Program, and although you may not know me personally, I hope to make you proud. Once again, thank you and God bless!

Sincerely,

Gabriella Campos
